

Neon Tommy Audio Submission Guidelines for iTunes

All audio files must be submitted in best-possible-quality MP3 format.

Instructions for converting an audio file to MP3 format using iTunes:

- In the top menu bar, select iTunes>Preferences...
- In the General Preferences tab, select “Import Settings...” and set fields as follows:

- Now find your file in your iTunes library.
- CNTRL-Click file and select “Create MP3 Version” from menu.
- When it’s done processing, find the MP3 version in your iTunes library and drag it to your desktop.
